Food Safety

Aerobic plate count, food ........................................... $16.00
Aerobic plate count, Rapid, food .................................. $15.50
Anaerobic plate count, food .......................................... $23.00
Bacillus cereus ................................................................ $30.00
Campylobacter sp. PCR .................................................. $44.00
Coliform count, food ....................................................... $13.00
Coliform count, High Sensitivity ....................................... $14.00
Coliform plate count, Water ........................................... $17.50
E. coli, O157:H7 PCR ..................................................... $44.00
E. coli, O157:H7, Robust (375 g) PCR ................................. $75.00
E. coli plate count (Generic), food ..................................... $13.00
Enterobacteria plate count, food ....................................... $21.50
Lactic acid bacteria count ................................................ $20.00
Listeria spp. PCR, screen ............................................... $44.00
Listeria monocytogenes PCR, screen ............................... $44.00
pH of food sample ........................................................ $17.50
Salmonella, PCR .......................................................... $44.00
Salmonella PCR, (375g) gram screen ............................... $65.00
Salmonella PCR, USDA ................................................. $53.00
Staph aureus count ........................................................ $21.50
Yeast/Mold count .......................................................... $21.50
General Policies
1. It is strongly recommended that a veterinarian be involved in any submission as AHFSL does not provide treatment recommendations.
2. Client information provided to AHFSL and the test results from samples submitted to AHFSL will be treated as confidential information consistent with the applicable legal standards. Such confidential information will not be released to third parties without consent of the client/veterinarian of the record except when required by law.
3. AHFSL reserves the right to send specimens to outside referral laboratories to perform testing not done by AHFSL. Samples sent for analysis to outside labs are billed for any additional direct costs incurred. Handling fee (including postage) is $20.00.
4. “STAT” fees apply to testing requested outside of the routine testing schedule. Please contact AHFSL in advance to arrange schedule and fees.
5. A fax, mail or online access is currently provided at no charge.
6. Fees are subject to change without notice.
7. Specimens submitted for examination may undergo additional diagnostic testing for state or federal disease surveillance programs, particularly involving foreign animal diseases. Such testing may require mandatory notification of state and/or federal regulatory authorities.
8. Samples submitted to AHFSL may be used for test development or other research related projects.

Administration
FedEx delivery charge (under 3lbs. Seattle) $10.00
FedEx delivery charge (under 3lbs. PNW) $20.00
FedEx delivery charge (under 3 lbs. & out-of-state) $25.00
FedEx delivery charge (over 3 lbs.) Actual rate
Testing for export $6.00

Pathology
Necropsy - Commercial (up to 10 birds) $80.00
Necropsy - Avian Noncommercial (1-3 birds) $42.00
Each additional bird $7.00
Histo on AHFSL necropsy $75.00

Serology
Avian Encephalomyelitis (AE) (1-5 samples) ELISA $5.50
6 or more samples $4.00
Avian Influenza (AI) (1-5 samples) ELISA (Chicken) $5.50
6 or more samples $4.00
Avian Influenza (AI) AGID (All Birds) $5.50
Avian Influenza Egg Yolk Extraction (ELISA) $5.50
Avian Influenza Egg Yolk (AGID) $10.00
Infectious Bronchitis (IB) (1-5 samples) ELISA $5.50
6 or more samples $4.00
Infectious Bursal Disease (IBD) (1-5 samples) ELISA $5.50
6 or more samples $4.00
Mycoplasma gallisepticum (MG) Agglutination $3.00
Mycoplasma synoviae (ELISA) (1-5 samples) $5.50
6 or more samples $4.00
Newcastle Disease (NDV) (1-5 samples) ELISA (Chickens) $5.50
6 or more samples $4.00
Salmonella pullorum/typhoid Agglutination $3.50
Brucellosis* (BAPA) $7.00

Bacteriology
Aerobic culture $33.00
Anaerobic culture $36.00
Fluff total bacterial counts $20.00
Fluff total fungal spore counts $25.00
Mycology (Aspergillus, other fungus) $35.00
Salmonella culture (from tissue or fluff) $21.00
Salmonella (group D & SE), FDA and NPIP $38.00
Egg pooling fee Additional $10.50

Parasitology
Fecal Float $20.00

Molecular Diagnostics
Avian influenza (AI) PCR $50.00
Avian paramyxovirus (aPMV-1, Newcastle’s Disease) $50.00
AI and aPMV-1 pooling fee Additional $6
Chicken Anemia Virus (1-3 samples) $50.00
4 or more samples $40.00
Infectious Bronchitis (IB) (1-3 samples) $50.00
4 or more samples $40.00
Infectious Bursal Disease (IBD) (1-3 samples) $75.00
4 or more samples $40.00
Infectious Laryngotracheitis (ILT) (1-3 samples) $50.00
4 or more samples $40.00
Mycoplasma gallisepticum & M. synoviae (1-3 samples) $50.00
4 or more samples $40.00
Chlamydia psittaci PCR (1-3 samples) $50.00
4 or more samples $40.00
Circovirus (pigeon) PCR (1-3 samples) $50.00
4 or more samples $40.00
Pacheco’s Disease Herpesvirus (1-3 samples) $50.00
4 or more samples $40.00
Polyomavirus (psittaci) (1-3 samples) $50.00
4 or more samples $40.00
Psittacine Beak & Feather Disease Virus (PBFD) (1-3 samples) $50.00
4 or more samples $40.00
Avian Sex Determination (1-3 samples) $19.00
4 or more samples $15.00
