General Policies

1. It is strongly recommended that a veterinarian be involved in any submission as AHFSL does not provide treatment recommendations.
2. Non-Washington samples will be assessed a 50% surcharge except where indicated.
3. Client information provided to AHFSL and the test results from samples submitted to AHFSL will be treated as confidential information consistent with the applicable legal standards. Such confidential information will not be released to third parties without consent of the client/veterinarian of the record except when required by law.
4. AHFSL reserves the right to send specimens to outside referral laboratories to perform testing not done by AHFSL. Samples sent for analysis to outside labs are billed for any additional direct costs incurred. Handling fee (including postage) is \$20.00.
5. "STAT" fees apply to testing requested outside of the routine testing schedule. Please contact AHFSL in advance to arrange schedule and fees.
6. A fax, mail or online access is currently provided at no charge.
7. Fees are subject to change without notice.
8. Specimens submitted for examination may undergo additional diagnostic testing for state or federal disease surveillance programs, particularly involving foreign animal diseases. Such testing may require mandatory notification of state and/or federal regulatory authorities.
9. Samples submitted to AHFSL may be used for test development or other research related projects.
